

GIFTS OF STOCK

Most donors think cash is the only way to donate to MCL. Consider a donation of stock, which will allow you to avoid both capital gains and state income taxes you might otherwise pay if you sold the stock to donate cash.

MCL is non-profit, which means you can claim a charitable deduction for the fair market value of your stock at the time of donation. Gifts of stock offer significant tax advantages for you, and greatly benefit us.

How does it work? It's best to contact your financial advisor. Here's the information you will need:

BROKERAGE
